## THE SOCIETY OF EXPERIMENTAL TEST PILOTS TECHNICAL PAPER EVALUATION GUIDE

TITLE:	
SPEAKER(S):	
The purpose of presenting a technical paper to a group of fellow T challenges faced, solutions developed and, most importantly, lessons lear of a test program. Documentation of these subjects provides a technical test programs and helps to prevent past mistakes from being repeated.  It is important to note that there is no place in a technical present	ned in the prosecution base for use by future
activities. A technical paper is not to be used to "sell" a program. Presenshould be down rated on their score.	iters who take this tact
